 - e. GM/CAO Annual Performance review process
 - f. 2014 2015 work priority adjustment In Camera discussion
- 5. Adjournment

BOW VALLEY REGIONAL TRANSIT SERVICES COMMISSION February 12, 2014, REGULAR MEETING BVRTSC CUSTOMER SERVICE CENTRE – BOARD ROOM (221 BEAVER ST. BANFF) 2:00PM – 4:30PM

MINUTES

BOARD MEMBERS PRESENT

Sean Krausert, Town of Canmore - Chair Ian Mackie, ID#9 Grant Canning, Town of Banff Dave Schebek, ID #9

BOARD MEMBERS ABSENT

Stavros Karlos, Town of Banff – Vice Chair Joanna McCallum, Town of Canmore

BOARD ADMINISTRATION PRESENT

Koji Miyaji, General Manager / Chief Administrative Officer Steve Nelson, Manager of Operations / Meeting Recorder

MUNICIPAL/ PARKS ADMINISTRATION PRESENT

Adrian Field, Manager of Engineering, Town of Banff Jacob Johnson, Acting Manager of Engineering, Town of Canmore Alex Kolesch, Parks Canada

MUNICIPAL/ PARKS ADMINISTRATION ABSENT

Call to Order

The meeting was called to order at 2:05p.m.

1. Approval of the Agenda

BVRTSC14-12 Moved by Ian Mackie to approve the Agenda for the February 12, 2014 meeting.

CARRIED

2. Approval of the January 8, 2014 Regular Meeting Minutes

BVRTSC14-13 Moved by Grant Canning to approve the minutes of the January 8, 2014 Regular Meeting CARRIED

3. Introduction of Manager of Operations – Steve Nelson (by GM/CAO)

4. Other Business

- a. Direct Service Update (verbal) Steve
- b. Customer Service Centre Update (verbal) Steve
- c. Alberta Winter Games Services Summary (verbal) Steve

Commission Members present were pleased to hear that Steve has fit well with BVRTSC and stepped right into the role well, and that each of the above areas are on track or completed successfully (i.e. Alberta Winter Games). However, Commission Members expressed interest in future reports containing a written component in the agenda package containing highlights of the Manager of Operations' report.

5. Old Business (Standing Items)

- a. General Manager/ CAO's Monthly report & 2014 Bring Forward List of Pending items.
- b. Audit management report
 Report 2014-1 Tangible Capital Asset Policy
- BVRTSC14-14 Moved by Sean Krausert to approve policy F-4 as presented in the report with the following amendment "The BVRTSC shall maintain an up to date table of anticipated useful life with respect to the tangible capital assets owned by the BVRTSC."

CARRIED

c. Transit Service Monthly StatisticsSean Krausert requested that graphs' Y axis be reduced to see the variances more clearly.

6. New Business

a. Report 2014-2 Human Resources Policy

No motion made to approve this as it would require a change to the recently approved budget. GM/CAO received feedback from Commission Members on the proposed policy, and

GM CAO indicated that this may come back next year for discussion as part of business process/plan.

b. In Camera – Business Planning Discussion

BVRTSC14-15 Moved by Sean Krausert to go in camera 3:40pm

CARRIED

BVRTSC14-16 Moved by Sean Krausert to come out of camera 4:01pm

CARRIED

7. Adjournment

BVRTSC14-17 Moved by Sean Krausert to adjourn meeting

Meeting Adjourned 4:02pm

CARRIED

Bring Forward List of Pending Items (as of March 2014)

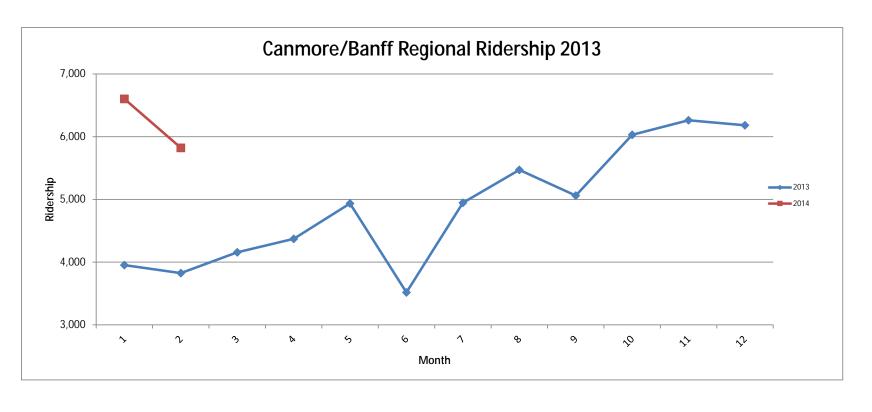

Item	Date Initiated	Pending Date	Comments
BVRTSC14-9 Create an Emergency Protocol before the end of 2013 In this protocol, communication steps should be identified where Board member are consulted or notified before involvement in emergency situations and deployment of services. Any decision to be made should be brought forth to the Commission.	July 2013	May 2014 Board meeting	
BVRTSC13-38 Overload policy – Report was brought back. Need to draft a policy	2013	March 31 2014	To be presented for April 2014 Board meeting
BVRTSC14-6 Charter - Commission requested General Manger to provide a Charter Service report that recommends the business policy for the charter service bookings including recommended hourly rate. GM to bring back this report in the near future, sometime in 2013.	March 2013	March 31, 2014	To be presented for April Board meeting or sooner.
BVRTSC14-7 Calgary Stampede - Administration has been asked to investigate the details of participating in the Canada day parades in the area or the Calgary Stampede parade in the future. This is not a direction to participate in the parades.	July 2013	March 31, 2014	March Board meeting
BVRTSC13-46Customer Service Center Office Space as outlined in the report 2013-19 with the following additional items; Negotiate a reduced lease rate the Town of Banff for the current office space in the industrial compound when its lease is expired.	Aug 2013	Sept 2014	
BVRTSC13-90e Moved by Stavros Karlos to direct administration to report back in September 2014 on the progress of Customer Service Centre to include the stats of number of clients serve, phone calls, walk in and on line inquiries including the number of lost and found inquiries.	January 2014	Sept 2014

Report 2014-3 Request for Decision – Participation in Parades

March 12, 2014

SUMMARY/ ISSUE

Major community parades are held in Banff, Canmore, and Calgary every year. The Santa Claus Parade in Banff, the Canada Day Parades in both Banff and Canmore on July 1st, and the 2014 Calgary Stampede Parade on July 4th, 2014. Interest in participating in the parade has been brought forward by Commission members and this document provides information regarding participation logistics as well as associated financial impacts. Community parades have the potential to expose tens of thousands of Bow Valley residents and visitors to the Roam brand and transit service and experience.

PREVIOUS COMMISSION DIRECTION/POLICY

BVRTSC14-7 Calgary Stampede - Administration has been asked to investigate the details of participating in the Canada day parades in the area or the Calgary Stampede parade in the future. This is not a direction to participate in the parades.

Administration Recommendation:

That the Commission

- Approve participation in local parades including Canada Day Parades in Banff and Canmore, as well as Santa Claus parade in Banff.
- Approve direction not to participate in the Stampede Parade.

INVESTIGATION

Local holiday parades in Banff and Canmore are well attended by locals and visitors alike. Application to participate in these three events comprises of filling out a simple form; there is no fee to participate in any local parades.

The Calgary Stampede Parade is attended by over 350,000 live spectators as well as millions of TV viewers. Participants of the parade can average 40 seconds of TV impressions and be exposed to a broad market segment from youngsters to grandparents.

Application to participate in the parade is done online and <u>must be completed by March 15th, 2014</u>. A selection committee then meets in April to review all applications and successful participants are notified shortly thereafter.

The application process includes:

- online application form submission.
- proof of insurance (Comprehensive General Liability of \$2M & Automobile Liability Insurance of \$2M.
- photograph of the parade entry.

Report 2014-3 Request for Decision – Participation in Parades

March 12, 2014

Although the number of spectators at the Calgary Stampede Parade is high, Administration believes that the logistics and the cost of coordinating the efforts to deliver a bus to the Calgary for an one day event during our peak summer season period would not necessarily translate into the best use of our time nor any noticeable increased ridership or awareness of the Roam service to those who may actually end up using it. Administration believes that Stampede parade attendees are already overstimulated with other parade floats, bands and actual Stampede events that lasting impression/knowledge of Local and Regional transit services will most likely be 'lost' on most spectators. Further, seeing a "wrapped bus" is not unique in Calgary as Calgary Transit buses and LRT trains are often fully wrapped in advertisements which circulate the city streets throughout the year.

Participation in local Banff and Canmore parades on the other hand may allow Roam Transit to further it's impressions on 'locals' and summer tourists – those who are already in the Bow Valley and more likely to give transit a try.

IMPLICATIONS:

FINANCIAL

Participation in the local community parades in Banff and Canmore will have minor financial implications including driver hourly pay, fuel costs. Administrative time will also be required to arrange for participation in the parades, as well, it is hoped that some volunteer time from administrative staff to participate in the parade may be required.

Banff Canada Day Parade Participation – July 1st 5pm Parade Start Time Banff Santa Claus Parade Participation – December (TBA) 5:30pm Parade Start Time

Banff Parade Participation							
Banff Parade 2014	Description	Comments	Costs				
Parade Entry Fees	No Entry Fee		\$0.00				
Insurance		Already covered	\$0.00

Report 2014-3 Request for Decision – Participation in Parades

March 12, 2014

Canmore Canada Day Parade Participation – July 1st Noon Start Time

Canmore Parade Participation							
Canmore Parade 2014	Description	Comments	Costs				
Parade Entry Fees	No Entry Fee		\$0.00				
Insurance		Already covered	\$0.00				
Vehicles	1 - Cutaway Bus, 1 - 40' Bus		\$0.00				
Fuel	Mileage to and from Canmore		\$100.00				
Driver time/wages	2 - Drivers @ \$22/hr	4 hours / Driver	\$176.00				
Parade Volunteers	4 - Staff Members @ volunteer	recognition	\$150.00				
Candy?	Costco Run for Candy		\$50.00				
			\$476.00				

Participation in the Stampede Parade will have financial implications, from fuel costs to driver pay, and parade costumes. There is no application or participation fee for the Stampede Parade. An approximate cost of \$1,400.00 has been calculated and is broken down below. Administrative time for this coordination will be more than for the local parades.

Calgary Stampede Parade 2014							
Stampede Parade 2014 - July 4th	Description	Comments	Costs				
Parade Entry Fee	No Entry Fee		\$0.00				
Insurance		Already covered	\$0.00

Report 2014-3 Request for Decision – Participation in Parades

March 12, 2014

BUSINESS PLAN/ BUDGET IMPLICATIONS

INTERNAL RESOURCES

A small amount of staff time (approx.5 hours) will need to be devoted to coordinate the participation of BVRTSC in each parade. As well, the need for individuals to participate in each parade to hand out candy/trinkets and/or wave to the crowd – though we hope this will be volunteered time from BVRTSC staff or Commission members.

RISKS

There is potential for risk in participating in high profile events where the public is present. Mechanical breakdowns, high concentration of preoccupied public, the proximity of horses/livestock. Other potential risk factor if participating in the Calgary Stampede Parade would be highway travel to and from Banff and Calgary – as well as downtown Calgary driving for bus drivers not accustom to high volume traffic driving.

RE: Commission Member Orientation Session

SUMMARY/ISSUE:

On February 27th, BVRTSC Members Sean Krausert and Ian Mackie along with GM/CAO Koji Miyaji attended a joint session with the Bow Valley Regional Housing ("BVRH") Board for a video conference with John McDonnell of the Brownlee law firm. Attendance at this session, and BVRTSC's participation in same, came as a result of motion BVRTSC14-10.

The session was entitled: "Roles and Responsibilities of the Board and its Employees: Who's the Boss?". Topics include:

- 1. Organizational Structure of the Body: Council compared to Board; Nature and Structure of the Body.
- 2. Decision-making Processes: What is Governance; Governance Style; Board Operation; Self-Governance; Role of the Chair; Fiduciary Duty of Directors; Role and Duties of Directors; Board solidarity; Board Financial Governance; Board Personnel Governance; Protection of Directors.
- 3. Roles of the Body's Players: Municipalities; the Board; CAO; Delegation; Accountability; Board interaction with CAO; Making the relationship work

There were a number of key points worthy of note for BVRTSC Members.

KEY POINTS:

- Like a Councillor's role on Council, a Member of the BVRTSC brings their opinion, experience and open-mind to debate at the Commission, but then follows the decision of the Commission.
- Members have no authority with respect to the Commission individually, and only acts as a whole.
- Despite being appointed by Municipal Partners of the Commission, Members must act in the
 best interests of BVRTSC while sitting at the Commission table and do not sit as a Councillor
 while at the Commission table.
- The Commission is not directed by the Municipal Partners, but by the Members as a whole.

The Commission is responsible for governance (policies, direction, etc.); the GM/CAO responsible for management and implementation; and the GM/CAO is responsible to the Board.
 Just like municipal Councils, the Commission should not delve into operational matters and the GM/CAO is responsible for implementation of the Commission's direction.

The PowerPoint presentation used by Mr. McDonnell will be forwarded to Members to review at their leisure.

Additionally, the following was also provided to the Chair by Mr. McDonnell by email regarding the role of Members and their fiduciary duty to the Commission:

"There are literally centuries of case law (dating back from England) about the roles and responsibilities of directors and their respective duties. When the individual attends a board meeting, he/she has a fiduciary duty which duty entails a number of obligations. Among these obligations, is an obligation to be unconflicted and only consider the best interests of that legal entity that they are attending at the time.

There are also numerous judicial decisions that have arisen which states that a director of one company who fails to properly account for the best interests of that corporation to favour the interests of another corporation, is personally found liable for the losses of the corporation that they're responsible to. As far as we're aware, there are not any decisions in a municipal councillor context, but the same principle should apply here. These decisions arise from the context where a father corporation has created a junior corporation and has appointed the same people as directors of both. The father corporation has provided orders to the directors that when they sit at the board table of the junior corporation; the directors of the junior corporation are to comply with the directives of the father corporation. When the directors do so and cause the junior corporation to do something, which results in a loss, the stakeholders of the junior corporation have successfully litigated actions against these directors for failing to discharge their fiduciary duties as being unconflicted.

This analogy will likely work in the same context as a Commission. The Commission would be the "junior corporation" and the municipalities will be the "father corporation". The councillors of the municipalities will be directors of the Commission. Stakeholders (such as employees, creditors, or even residents) may launch a suit against the directors for failing to discharge their fiduciary duty if they blindly comply with the municipalities' directives.

Again, I'm not aware of any action that has been launched in Alberta similar to the above, but am of the opinion that it's only a matter of time and there will be one, one day."

It is recommended that, upon next change of Members on the Commission, this Orientation Session established again in collaboration with BVRH.

END OF REPORT

Chair's Report to the Bow Valley Regional Transit Services Commission with Recommendation

March 5, 2014

RE: Recording of Commission Votes

SUMMARY/ISSUE:

Currently, votes of the Commission on motions are simply recorded as "Carried" or "Defeated". While this communicates the outcome, it does not clearly communicate how well a particular motion was supported and by whom. A better practice, it is suggested, would be to provide additional information when motions are carried or defeated by a split vote.

DISCUSSION:

There are at least two reasons as to why it should be recorded as to which Members supported or opposed a motion when it is carried or defeated by a split vote.

First, there are certain motions (i.e. passing the annual budget,) where in order to be carried, a simple majority of the Commission members in attendance must vote in favour of the motion AND at least one Member appointed by each Municipal Partner must vote in favour. Therefore, to ensure this is achieved, it is beneficial to record those voting in favour or against.

Second, for the purposes of transparency, it is better to record the vote in the minutes, which are public documents. Municipal Partners and other interested stakeholders may rightfully want to know who supported various motions.

Motion to be considered by the Commission:

That the votes on Commission motions be recorded in the minutes as follows:

- (a) "Carried Unanimously" when all Commission Members present vote in favour of the motion on the floor;
- (b) "Defeated Unanimously" when all Commission Members present vote against the motion on the floor;
- (c) "Carried", in the case of a split vote passing a motion, and listing those who opposed the motion; and
- (d) "Defeated", in the case of a split vote defeating a motion, and listing those who supported the motion.

END OF REPORT

GM/CAO Annual Performance Appraisal Process

(as prepared by Leslie Taylor and Jim Ridley for 2012/2013 Performance Appraisal)

The annual performance appraisal process has four purposes:

- To recognize strengths and successes in achieving the goals of the organization
- To identify areas for improvement and lay down approaches that will help us work together to make those improvements and achieve the goals of the organization
- To check the job description and update it if necessary, to ensure that it remains current
- To set out agreed-upon goals for the coming year

The process is as follows:

- The Commission asks the GM to provide written input on his achievements and challenges in the review year, and his input on whether any job description updates are required.
- A sub-committee (chair and vice-chair) will review the written input and the past goals and ask the GM any questions they may have about the content.
- The sub-committee then prepares a draft review document, taking into account the GM's comments. This draft comment reviews achievements on goals, drafts goals for the coming year, and reviews the management skills of the GM as well, under the headings of Planning, Communication, Relationship-Building, Financial Management, Supervision, Working with the Board.
- The sub-committee also drafts any updates to the job description.
- The sub-committee then provides the draft to the voting members of the Commission for their review and comments, and edits the documents accordingly.
- The sub-committee then provides the documents to the GM for review, and sits down with him to discuss their contents. Any inaccuracies in the performance appraisal statements can be corrected in the "GM comments" portion of the document.
- The Commission chair and the GM then sign off on the documents, and they are retained in the files of the Commission.
- The Commission will initiate this process in late January of each year, with the intention of completing it before April 30 of each year.
